Subject: Christina Coleman
Attorney at Law

We are pleased to share our experience with the above referenced subject.

We met Christina some years ago at a time when she was an associate at the firm then currently handling legal matters for our company. She was assigned as the attorney to handle a matter for our company.

We found her to be extremely competent and always well prepared. She dug into every issue in the case, called and discussed any questions she felt may be important. Contrary to our experience with most attorneys who are crisis oriented Christina prepared well in advance, drafted any proposed pleadings or filings with the court sent them to this writer for review. This allowed time for both a comprehensive review and comments prior to any deadline for filing.

Christina made numerous court appearances for us including several trials and was always steps ahead of the opposition and on the matters handled for our firm successful in obtaining favorable rulings.

When Christina moved to another firm specializing in employment law we were unable to use her to handle our company matters. Accordingly we are delighted to learn that she is going into private practice and we could not recommend more highly and certainly will be moving any matters we currently have to her with confidence that she will give them the highly skilled treatment we were accustomed to in the past.

Should anyone have need for additional information it would be our pleasure to provide answers that may assist in the choice of an excellent attorney.
